Why did you use Consumer Legal Funding?

I developed severe carpal tunnel in my right hand while working on an assembly line for computers. Two surgeries to fix my hand did not work, and I lost my job because I could only use one hand. I started to fall behind on my rent and car payment, and I came close to losing both. After I saw a commercial for consumer legal funding, and my brother-in-law suggested using it, I called and applied.

How did Consumer Legal Funding help?

With the money I received from consumer legal funding, I paid my car payment, rent and utility bills. I was also able to buy groceries with the rest of the money.

What would have happened if Consumer Legal Funding was not available to you?

I would have lost both my apartment and my car, which would have left me homeless. Legal funding helped me maintain control of my life.
