### Why did you use Consumer Legal Funding?

I badly hurt my back, neck, and knee. Unable to work, I quickly depleted my savings. I am very proud that my daughter is studying to be a Respiratory Therapist, which is how I've made my living. But I had no money to pay her tuition. She was about to be dropped from her college. If that happened, she would not be able to pick up where she left off. She'd have to start all over. I did not want my problems to affect my child. It would be a burden I would carry all my life. I took a title loan on my car, which was an awful experience. Title loan monthly payments were way too high and I was treated poorly. Consumer Legal Funding was just the opposite. It involves no monthly payments, and I was treated kindly and fairly. Legal funding came through quickly when I needed it to.

### How did Consumer Legal Funding help?

It allowed my daughter to continue her education. There are no words to describe my level of gratitude for the help I received.

### What would have happened if Consumer Legal Funding was not available to you?

If it wasn't for Legal Funding, there was nothing I could do to save my daughter from being dropped from her classes.
