Why did you use Consumer Legal Funding?

I am a Vietnam veteran. I lost my legs in the war. I was further injured in a recent accident when I was on a bus. My hip got broken. My budget was already tight, and the injury made things much worse. I am in a power wheelchair and was on a pre-paid electricity plan. Things got so bad, I did not have the money to charge my wheelchair. I was also on the verge of getting evicted.

How did Consumer Legal Funding help?

When I received the help from Consumer Legal Funding, I was so grateful, I said a prayer and thanked the company over and over. Legal Funding allowed me to pay my delinquent bills and keep my wheelchair powered. I am now working toward a goal of buying a new wheelchair-accessible van so I can get around more. Consumer Legal Funding also helped me maintain my credit score. Because it is not a loan, it does not diminish my credit. At the same time, it helped me pay my bills and avoid delinquency.

What would have happened if Consumer Legal Funding was not available to you?

I would have been living on the street in the high heat of Arizona. I would have had no way to keep my wheelchair charged. I don't know if I would have survived.
