Why did you use Consumer Legal Funding?

I used to work as a lineman. I climbed telephone poles for a living. After a crippling car accident in which I was rear-ended, I could no longer do the work and I lost my income. Soon, I had piles of bills and threats of eviction.

How did Consumer Legal Funding help?

One call to a Legal Funding company and two years later, my legal case was finally settled and I was able to pay off my rent, utility and medical bills.

What would have happened if Consumer Legal Funding was not available to you?

The accident changed everything in my life but Consumer Legal Funding became a shining beacon of hope. That money was a lifesaver.

I am now back on my feet and working as a landscaper. I never thought I would go from climbing telephone poles to cutting grass. I am very grateful.
