Why did you use Consumer Legal Funding?

I was driving to the train station to go to work and was rear-ended. My back was badly injured. I've needed to pay for treatment and medicine while I continue waiting for an insurance settlement. My family has a lot of love, but not much money. I help support my brother's young children and also my mother. I have a good job, but money was tight to begin with and got much tighter after the auto accident. I am also working to stay on track to graduate from college and go to Rutgers Law School.

How did Consumer Legal Funding help?

The money I received from Consumer Legal Funding meant the world to me. I was falling behind on bills, and food was running low. Legal Funding got me caught up. I was able to pay my tuition and keep my career goal on track. I was able to keep paying the rent when it was raised higher.

What would have happened if Consumer Legal Funding was not available to you?

I do not know what I would have done without the service provided. I would have had many more problems. It is great Legal Funding is there for people like me who need it.
