### Why did you use Consumer Legal Funding?

I was badly hurt while working to build an apartment complex in Huntsville. I was unable to work for a long time and had no money coming in. Even though I had set some money aside, it quickly was eaten away paying for my rent, groceries, and buying the medicine I needed. As I ran out of money, I was on the verge of having my lights cut off and having to go without the medicine. Consumer Legal Funding saved me.

### How did Consumer Legal Funding help?

I got the money I needed to keep my life afloat, and to keep paying my own way. The help was tremendous. I was also fortunate to have Consumer Legal Funding for another reason. As my health was on the rocks, my legal case failed. Litigation is unpredictable even when your case is valid. Thank goodness, though, there was a silver lining. The money that legal funding provided was mine to keep, and I would not have to pay it back, unlike a loan. The legal funding company stepped aside, no questions asked, and assured me I would never owe them anything.

### What would have happened if Consumer Legal Funding was not available to you?

My lights would have been cut off and I would not have been able to afford my medicine. When I needed help, legal funding provided it. When I did not have the money to repay, they said not to worry about it. What a fantastic product.
